

## TO INSIST ON GOLD AT SAINT LOUIS

### ATTEMPT TO FORCE M'KINLEY TO INDOSE IT.

**Reed Men Lead the Movement in Opposition to Hanna's Wishes—Silver Leaders Will Decide on Their Plans of Action Today—Political News.**

St. Louis, Mo., June 15.—An effort is being made to rally the opposition to McKinley on the ground that the McKinley managers object to the use of the word "gold" in the platform. The Reed men are in the forefront of the movement and an announcement which it is claimed was made by Mark Hanna to a number of gold-standard men is the cause of the activity of the anti-McKinleyites. Mr. Hanna is said by the anti-McKinley men to insist that the words "present gold standard" shall not appear in the financial plank. No sooner had this word gone out than the gold men who are not tied down by instructions became active. The Reed men took the lead. They now say that they made a serious mistake in not putting the speaker of the house forward as the out-and-out gold candidate. The developments of the movement are expected to be highly sensational.

The Reed men went to Mark Hanna and demanded a definite declaration on the money question. The demand was more in the nature of a challenge than a request. The telegraph instrument in Mr. Hanna's private room was busy for a short time, and then the answer came back. McKinley accepted the challenge, it is claimed, and said he would fight for his original position, which he considered sound. The anti-McKinley men will attempt to make the most of Mr. Hanna's alleged refusal to accept the extreme gold plank.

The Reed men and Morton men were notified to rally under a "gold" banner. There will be half a dozen conferences at which plans will be arranged. Word was sent to Senator Quay that he would be expected to take a hand in this fight, but he refused to enter into any combination for the purpose of opposing McKinley. If the gold-standard men cannot force the candidate to accept their extreme plank they intend to embarrass him in every way possible during the convention.

It is the general impression that the convention will adopt the gold standard, notwithstanding what Mr. McKinley wants. If this is done, it is said on good authority, it will not be in the majority report of the committee on resolutions that is adopted. Others do not think that the gold plank is so liable to go through the convention.

Garrett A. Hobart seems to have the inside track for second place, with Dingley of Maine being pointed out as a man whom it will pay to watch in the future conferences of the managers at the convention. Mr. Morton and most of the New York candidates are considered impracticable. Republicans are guessing who will be nominated. No one believes for a minute that anyone can break up the McKinley torchlight procession. His nomination appears so certain that his friends do not exert themselves to shout for him.

The city is full of candidates for vice-president. Nearly every state delegation can produce one candidate for this office, and some two or three. New York leads the list with five, but all are likely to be disappointed, because the McKinley managers have decided to ignore Thomas C. Platt. Among the men whose names are mentioned in connection with the nomination are: Levi P. Morton, Benjamin F. Tracy, J. Sloat Bassett, Gen. McAlpin and Cornelius Bliss, all of New York.

Congressman Dingley of Maine. Garrett A. Hobart of New Jersey. Gov. Hastings of Pennsylvania. Henry Clay Evans of Tennessee. Ex-Governor Bulkeley of Connecticut.

Senator Perkins of California. Ex-Gov. D. Russell Brown of Rhode Island.

And last, but not least, Thomas B. Reed of Maine.

With all these names being discussed the politicians are correct in saying that the nomination is "up in the air." It is also generally conceded it will remain there until brought down by the McKinley managers.

There is a great deal of interest being taken in the reciprocity plank which will be adopted by the national convention. It is the intention of the managers to make reciprocity one of the important issues of the campaign, and so a great deal of care is being exercised in writing out this part of the platform. The following plank meets with the most favor of the republicans who are interesting themselves in this matter, and it has been sent to Maj. McKinley for his approval:

"We believe in liberal reciprocity and just retaliation, and demand the application of that golden rule of commerce to all future legislation affecting the tariff or the foreign trade."

"We believe the repeal of the reciprocity arrangements negotiated by last republican administration was a national calamity and demand their renewal and extension on such terms as will equalize the balance of trade with other nations, remove the restrictions now imposed upon the sale of American products in the ports of Europe and

secure enlarged markets for the products of our farms, forests and factories.

"We believe in free admission of all raw materials and articles of necessity that are not produced by our own people, when imported from nations that grant equivalent concessions in favor of the exports of the United States, and we demand the reimposition of duties upon all articles now on the free list when imported from nations that refuse such concessions and discriminate against the exports of the United States."

### SILVER LEADERS TO CONFER.

**Line of Action to Be Determined at a Meeting to Be Held Today.**

St. Louis, Mo., June 15.—Silver republicans will decide on their plan of action today. Senator Dubois of Ohio arrived last evening. Senator Cannon of Utah, who has been holding quiet conference with the free silver delegates from the west, will meet Senators Teller and Dubois and the plan of action will be outlined. A silver caucus will be held immediately afterward, and then the men who are running affairs in St. Louis will hear from those republicans who have been instructed to fight for free and unlimited coinage of silver at 16 to 1.

The free-silver men steadfastly refused to talk on the possibility of a bolt. It was learned, however, that some of the eastern gold standard men will endeavor to have a resolution adopted to the effect that any delegate who will refuse to agree to support the platform and the nominees of this convention shall not be permitted to participate in the proceedings of the convention. If this lockout is carried into effect the silver men will be compelled to walk out of the convention.

It is not believed that this action will be taken by the gold men, and the general impression is that the silver men, after making a fight on the floor of the convention, will place themselves on record by voting against a "gold" or "sound money plank," and then sit quiet and passively in their seats during the rest of the proceedings.

Eastern republicans seem to attach little importance to anything the free silver men will do. They admit that Colorado, Utah, Idaho, Wyoming, Montana and Nevada are as good as lost to the republican party already, but add that it is better to lose Colorado than New York and Utah than Pennsylvania.

Senator Teller said that he certainly would go into the convention and would take a very active part in the proceedings.

Ex-Congressman William J. Bryan, the leader of the free-silver wing of the Nebraska democracy, was one of Sunday's arrivals. The appearance of Mr. Bryan in a hotel corridor in consultation with several republicans from free-silver states of the far west excited much comment. In response to a question concerning his mission Mr. Bryan remarked: "I have nothing to say now except that these gentlemen and I will be found next November voting the same ticket."

### Illinois Men Caucus.

St. Louis, Mo., June 15.—The delegates to the national convention from Illinois will caucus this afternoon at 3 o'clock at the state headquarters in the Southern hotel. There is a lively rivalry for the delegation honors among the forty-eight men who represent Illinois in the convention. It has been practically decided that Dr. T. N. Jamieson is to be the national committeeman.

### Gov. Bradley Withdraws.

St. Louis, Mo., June 15.—Delegate Yerkes of Kentucky received a telegram from Gov. Bradley Sunday announcing that his name would not be presented to the convention. This has been in the governor's mind for some time. Gov. Bradley will arrive here today to engage actively in the contest in behalf of a platform declaration for a gold standard.

### Mr. Platt Will Not Bolt.

St. Louis, Mo., June 15.—Mr. Platt stated explicitly last night that the New York delegation had no intention of bolting the convention. "We shall," he said, "leave the hall only when the convention has adjourned."

### POPULISTS FIGHT A DUEL.

**Knife and Revolver Used and Both Men Are Dead.**

Hartselle, Ala., June 15.—A desperado duel took place Saturday night between Monroe Jackson and J. W. Vest, resulting in the death of both men, who were prominent populist politicians holding opposite views.

Jackson and another man were drinking in Vest's saloon and expressed views offensive to Vest, who ordered them out. On reaching the street Jackson and his friend became involved in a difficulty, and Vest went out to part them. As a result he and Jackson became involved in a wordy quarrel. Finally Jackson drew a knife and Vest a pistol and a terrible fight ensued. Vest was cut in the abdomen two or three times, and Jackson was shot through the lungs, in the thigh and in the kidneys. Both combatants fought until they could stand no longer and bled to death soon after friends had carried them home. Vest had a wife and seven children, and Jackson leaves a widow and six children.

When some of us pray, "Thy Kingdom come," we mean in a way that won't cost us anything in money and comfort.—Ram's Horn.

## STORM IN THE EAST DOES BIG DAMAGE

### A SAVAGE GALE AT ATLANTA CITY, N. J.

**Many Narrow Escapes, and Property Loss Large—Buildings Especially Constructed To Resist Storms, Crumpled Up Like Paper—No Lives Lost—Streets Are Blocked**

Atlantic City, N. J., June 15.—With cyclonic force a terrific wind and rain storm from the north burst upon this city at daybreak Sunday morning and for three hours raged with unabated fury. Big trees were torn up by the roots or snapped off short, awnings were demolished, a yacht was sunk at the inlet, men were blown overboard from the inlet wharf and the new board walk, the 100 feet high brick stack of the Edison electric light works was blown down and completely demolished, and houses throughout the city rocked and shook like aspen.

Sleep was impossible to the 50,000 residents and visitors in the city, and the hours which fell between the first onslaught of the storm and the break of dawn were fraught with terror.

Beginning early Saturday evening, a gentle pattering rain fell throughout the night, but there was not a particle of wind until about 3:30 o'clock in the morning.

Then a howling, shrieking gale of wind, traveling at the rate of eighty miles an hour, issued from the north and dashed down upon and overthrew, leaving a wide train of destruction in its wake.

The first obstructions which the gale met as it came dashing over the five-mile stretch of meadows were the buildings in and about the inlet. These are probably the most substantially built buildings in the city, having been erected with a view of withstanding the hardest storm. But they proved an easy prey to the gale.

Almost the entire north side of the enclosed outer pavilion was crushed in like paper at the first onslaught of the wind, while the heavy timbered railings along the outer sides of the pavilions and wharves were wrenched off and sent whirling away into the inlet. Loose chairs and tables were picked up like scraps of paper and either dashed and splintered against the sides of the buildings or carried away on the wings of the wind and into the water.

Terrible havoc was wrought among the inlet shipping. The Tillie Covert, one of the finest pleasure sloops sailing from this city, was lying moored at the yachtmen's wharf when the gale swept down upon it.

Captain James Mills was on board, preparing for an early morning cruise, and, realizing his craft would be pounded to pieces if allowed to remain where it was, cut loose and attempted to reach a more sheltered anchorage in Gardner's Canal.

The effort was futile, however, the yacht refused to mind the helm and was swept shoreward, where it dashed with terrific force against a heavy timber bulkhead. The entire bow of the Covert was stove in and the yacht filled and sank. Captain Mills barely escaped with his life.

A fishing party in which were Adolph Parker, Arthur Stevens, Francis Parker, and Samuel Driscoll, narrowly escaped meeting death in the waves. They were returning from Beach Haven and had just entered the mouth of the harbor when the storm broke. Their yacht, the Albion, was forced shoreward and thrown high and dry upon the beach.

Not a single section or street in the city escaped the fury of the gale, and many of the avenues are so choked with debris of uprooted and splintered trees that travel along them is impossible, except by foot passengers. An evidence of the terrific power of the wind is furnished by a fallen tree on Pacific avenue, just below the new Garden hotel. This tree, the trunk of which is fully a foot in diameter, was not uprooted or snapped off, but whirled around spirally until it succumbed and fell.

### Colored Men Desert McKinley.

St. Louis, Mo., June 15.—The Reed men are jubilant over the resolutions of a colored mass meeting held Sunday afternoon, at which representatives from Florida and Alabama declared for Reed and practically withdrew their names from the McKinley column. The meeting was called by Congressman Murray of South Carolina, the only colored representative in congress. About 200 colored delegates and alternates attended and there was great enthusiasm when Delegate Johnson of Alabama, who has been accounted a McKinley man, spoke for Mr. Reed, as did Caleb Simms of New York and J. Christopher.

### Attempt to Poison Two Families.

Philadelphia, Pa., June 15.—The residents of Weaverstown, in Lebanon county, are horrified by a fiendish plot to murder two entire families. The water in the well which supplies the families of Henry Beckley and Henry Beckley, Jr., was poisoned during the night. One child of the elder Beckley is dead, another is dying, and nearly a dozen persons were made violently ill. It is believed all will recover, except the child. The Beckley families have no idea who their deadly enemy is.

## THE CUBAN HOSTS THREATEN HAVANA

### INSURGENTS CLOSING IN ON THE CAPITAL.

**Attempt To Destroy the City's Water Supply Almost Succeeds—Yellow Fever Is Prevalent and a Smallpox Epidemic Is Threatened—Dynamite Used by the Insurgents.**

Havana, June 16.—This city was startled and alarmed Saturday night at 9 o'clock by the noise of two successive explosions, which shook the ground for a long distance and was heard for several miles.

Consternation prevailed for a time, as it was feared that this was a prelude to an attack or series of similar explosions.

Excited throngs rushed to the streets, while an armed party proceeded in the direction from which the detonation had been heard.

It was soon found that the stone bridges of Christina and Concha and the aqueduct of Fernando Septimo were the points that had suffered from the dynamite.

The bridges were partially destroyed and the pipes on the aqueduct, upon which the city is dependent for its water supply, were much damaged. It cannot yet be stated how extensive is the damage done or how long it will require to repair it.

There is no doubt felt that the dynamite which caused this wreck was placed by agents of the insurgents. It was not until some time since, to cut off the water supply of Havana and so serve to make it as nearly uninhabitable as possible.

The windows in many houses in the city were shattered by the reverberation of the explosion and some market structures were also badly damaged.

The greatest apprehension is felt on account of the secrecy and effectiveness with which the insurgents have been able to carry out the attack.

It is believed that the insurgents are bent upon investing Havana by cutting off as much as possible the supply of necessities, though not by actually besieging it.

All fruits and vegetables and fresh meats are unprecedentedly high priced and difficult to obtain and milk is of the poorest, such as is brought in being much adulterated before it is delivered.

There is much fever, and smallpox has broken out here, and, in the unwholesome state of affairs, threatens to become epidemic.

Many are suffering from measles, and there is much intestinal trouble among the inhabitants owing to poor and insufficient food. The failure of the water supply under these conditions is a dire calamity.

It is the announced intention of the authorities to continue the campaign against the insurgents in spite of the unhealthy, rainy season having set in, and additional troops are in the field at Pinar del Rio, with the purpose of running down and surrounding Antonio Maceo.

It is evident, however, that the insurgents themselves are preparing to enter upon a more aggressive plan of action, and the gathering of insurgent forces in Puerto Principe and Santa Clara is believed to be a prelude to another raid westward in force by Maximo Gomez.

The presence of this combined insurgent force in the neighborhood, and even in the outskirts of Havana in the next month, is a condition that must probably be counted on.

### ANOTHER APPEAL COMES IN.

**New Question Regarding Nicholson Law Reaches Supreme Court.**

Indianapolis, Ind., June 15.—It has developed that the delay in handing down the decision in the Nicholson temperance law cases was caused by another appeal, which came to the supreme court last week and which involves the question as to whether a general remonstrance is legal under the law.

It appears that the petition against the sale of liquor was not directed against any one person, and as soon as applications were made it was filed as a remonstrance against all of them. As soon as the case reached the supreme court the transcript was handed over to the judge who is writing the opinion and it is designed to cover this branch of the case in the decision, which will come down this week.

There are now eleven cases to be covered by the decision, each one involving a separate feature of the law.

### Free Silver in Ohio.

Cincinnati, O., June 15.—Returns from eighteen counties in Ohio in which democratic conventions were held Saturday for the election of delegates to the state convention show that every one was carried for free silver. These were Stark, Adams, Clermont, Greene, Jefferson, Delaware, Lawrence, Muskingum, Jackson, Washington, Pike, Gallia, Warren, Williams, Trumbull, Athens, Meigs and Madison. At Canton, Stark county—McKinley's home—primaries were held, at which over 1,000 votes were cast and fifteen free silver delegates were chosen.

### Epworth Leaguers to Meet.

Springfield, Ill., June 15.—The annual convention of the Epworth league of Illinois will be held at Springfield June 24, 25 and 26. The local committees

are making elaborate preparations for the entertainment of the 1,000 young Methodists expected. It is believed this convention will be the most largely attended in the history of the league. There is a contest on for the location of the 1897 convention. Peoria and Bloomington, and probably Decatur, will offer invitations.

## SILVER MEN TO BOLT

**Will Not Countenance a Republican Straddle At St. Louis.**

St. Louis, June 15.—A conference of silver delegates was held today. They decided to bolt the convention in the event of a straddle of the financial issue.

## SLAIN IN THE BANK

**President Wyckoff, of New Amsterdam Bank Shot By a Lunatic**

New York, June 15.—President Wyckoff, of the New Amsterdam Bank, of this city, was assassinated in the bank this morning by an alleged crank.

### MORE TROUBLE BREWING.

**Michigan Gold Men Want to Control the State Delegation.**

Detroit, Mich., June 15.—At the instance of several members of the democratic national committee Don M. Dickinson has been summoned to Chicago to explain the methods by which he carried the Michigan delegation. The night before the convention here the delegates seemed to be in favor of free silver, but when the convention assembled there was a change and the Michigan delegation was for gold.

Elliott G. Stevenson, Dickinson's law partner, and the chairman of the state central committee, will not talk, but it is said that Mr. Dickinson has gone to Chicago to arrange a scheme for shutting out the free silver men, who now seem to have a majority.

As explained by a close personal friend of Mr. Dickinson the idea is to start contests in all states where the silver delegates have been elected. The national committee by its power will organize the committee on credentials and the gold contestants will be seated. This will give the hard money men the majority. Proxies are being obtained as rapidly as possible. Dickinson's friends say that he will out-general the silver shouters and fill the convention with delegates in favor of gold.

### COLONY IS A FAILURE.

**Emigration to Mexico Has Received a Severe Setback.**

San Francisco, June 15.—Six people—destitute and discouraged people—are all that remain of the colony of Vermont and Massachusetts people, comprising several hundred families, who emigrated eight years ago to Topolobampo, on the Mexican coast.

The steamer Coos Bay, which has just arrived from various southern ports, put into the little harbor at the mouth of the Fuerte river, the nearest coast point to Topolobampo. It was the first steamer seen by the inhabitants in over two years.

Capt. Jansen reports that every man, woman and child who could possibly get out of the desolate country has emigrated long since, and all are probably still deploring their foolishness in listening to the tales of people who lured them away from comfortable homes to a region of rocks and sand where little or no water exists, and nothing will grow. The six white people who remain are there, he says, simply because they can not get out.

### To Bolt the Chicago Convention.

New York, June 15.—The statement made by ex-Judge William A. Vincent of Chicago, leader of the sound money democrats in Illinois, that western members of the party expect to see two conventions in Chicago next month, reveals a wide difference of opinion between the sound money democrats in the east and those of Illinois and other middle western states. Eastern leaders of the party look for no bolt in Chicago. Western leaders, according to Judge Vincent, have already engaged the Auditorium for a second convention.

### Fight in Iowa Delegation.

St. Louis, Mo., June 15.—Perhaps the liveliest contest in any of the state delegations has developed in Iowa over the question of the financial plank in the platform. The two factions, one wanting an unmistakable pledge in favor of gold standard and the other anxious to dodge the issue, are openly arrayed against each other, and a fierce fight in today's meeting of the delegation will be the inevitable result.

### Gigantic Harvest in Nebraska.

Omaha, Neb., June 15.—The wheat and oat harvest is in progress in Nebraska. The period is from one to five weeks in advance of the season. The yield is something unprecedented in Nebraska. August Myers of Jefferson county had an enormous acreage of ripe grain and because sufficient help was not in sight to harvest it, committed suicide.

### Gen. Barateri Acquitted.

Rome, June 15.—A dispatch received here from Massowah confirms the report of the acquittal of General Barateri by the court-martial which heard charges against him connected with the defeat of the Italians by the Abyssinians.

## BLOW UP A HOUSE WITH DYNAMITE

### A DASTARDLY CRIME COMMITTED AT IRON MOUNTAIN.

**Attempt To Kill the Family of Captain Goldworthy, of the Chapin Mine—Residence Is Badly Damaged—Perpetrators Are Not Caught—Drowning at Two Rivers.**

Iron Mountain, June 15.—[Special]—An attempt was made last night to blow up Captain Martin Goldworthy and family of the Chapin mine. Two dynamite sticks were placed under the house and discharged. The residence was badly damaged. Two men were seen running from the house, but have not been caught yet.

### Senior Concert at Beloit.

Beloit, June 15.—The commencement exercises at Beloit on June 21, will not be so long as usual as there will only be ten speakers chosen from the class. For senior concert in the evening of the same day five of the best artists in the county have been secured. Mrs. Genevra Johnston Bishop, soprano, Mr. Brenhard Listemann and his son Franz Listemann, cellist from the Pittsburgh orchestra, B. Bicknell, Young, baritone and Mrs. B. B. Young, accompanist. A program of solos, duets, trios and quartets is being arranged. The combination of violin, cello, piano soprano and baritone will give a varied and most attractive program in addition to the solos of these artists only one of whom is well worth the price of admission. The prices are the same as usual.

### Drowned at Two Rivers.

Two Rivers, Wis., June 15.—[Special]—George Battlement, aged 14, was drowned while bathing in the river last night.

### Will Not Declare Strike Off.

Milwaukee, Wis., June 15.—W. D. Mahon, president of the Amalgamated Association of Street Railway Employees, returned last night from Detroit. He declared emphatically that the strike would not be declared off, and said all reports to the contrary were being circulated with a view of weakening the cause of the men. Mr. Mahon said the street railway employees of Detroit and Toledo, 1,600 in all, had agreed to each contribute \$1 a week to aid the strikers. With this aid, and support from other labor unions throughout the country, the strikers would be able to continue the fight against the company.

### Enormous Chest for Silver Dollars.

New York, June 15.—The subtreasury in this city is to be provided with additional storage capacity for about 6,000,000 silver dollars. An immense steel chest is being built for that purpose, and will be finished next week. The walls of the chest are two inches thick, and it is twelve feet square, with a height of ten feet from floor to ceiling. Its construction was authorized by the secretary of the treasury two or three months ago to meet the demands for storage room for silver, which has been accumulating at this subtreasury in spite of the shipments to other depositories. There are now in the subtreasury vaults here about 50,000,000 silver dollars and \$5,000,000 of subsidiary coin.

### Alleged Murder on the High Seas.

New York, June 15.—Martin Alksne, seaman, late of the ship Tacoma, arrived last night on the Campania in charge of a deputy United States marshal. He is charged with killing George Mosher, second mate of the Tacoma, while on a voyage from San Francisco to Liverpool.

### Amsterdam Eight Will Not Row.

London, June 15.—The Field announces that it is almost certain that the Amsterdam eight will not compete at the Henley regatta owing to international disagreements. The Dutchman, Mohr, will also probably be an absentee from the sculls.

### Meteor in a Class by Herself.

London, June 15.—The Field agrees with the Times' opinions regarding Emperor William's new yacht Meteor and says that in the weather which she has so far met she is a long way ahead of her class and, in fact, that she is a class by herself.

### \$50,000 Fire at Lamar, Colo.

Denver, Colo., June 15.—Two business blocks, containing half a dozen stores, in Lamar, Colo., were destroyed by a fire which started last midnight. The buildings were owned by Jacob J. Mulvane of Topeka, Kan., and the First National Bank of this city. The total loss is about \$50,000.

### Ask for an Arbitration Plank.

Peoria, Ill., June 15.—The railway brotherhoods of engineers, firemen, and telegraphers, three of which recently removed their headquarters to this city, have decided to ask the republican committee on resolutions for an arbitration plank in the platform.

### Michigan Meeting Ends.

Decatur, Mich., June 15.—The Michigan Christian Missionary association closed its four days' annual convention Sunday at Eau Claire with addresses by Rev. William Chapple of Bangor and Rev. E. R. Black of Buchanan.

## FIRE AT CLINTON COSTS \$10,000

Another Disastrous Blaze Occurred  
Early This Morning.

TAYLOR HOUSE AND THE DE-  
POTS ARE DESTROYED.

Blaze Was Undoubtedly of Incendiary  
Origin, as It Started in the Attic of  
the Hotel—Guests Escaped in Their  
Night Clothes—Contents of Depots,  
Baggage Rooms and Express Of-  
fices Saved—Janesville Was Asked  
for Help.

Clinton, Wis., June 15—[Special]—  
Clinton was again scourged by fire  
early this morning. The losses:  
Taylor House, totally destroyed.  
Loss \$5,000; partly insured.

C. & N. W. depot. Loss and insur-  
ance unknown.

C. M. & St. Paul depot. Loss and  
insurance unknown.

American express office. Loss and  
insurance unknown.

The total loss will reach \$10,000.

The fire was undoubtedly of incendi-  
ary origin. It was discovered at 2:30  
o'clock and as the water works were  
in working order the fire department  
could do nothing to check the flames.

The hotel, the Chicago & North-  
western and Chicago, Milwaukee  
and St. Paul depots, both bag-  
gage rooms and the American  
Express office were entirely consumed.

The hotel, at the time of the fire,  
was full of guests and many had very  
narrow escapes and were rushing from  
the hotel clad in their night robes.

Fortunately, no one was hurt.

Henry Cheesman, proprietor of the  
Taylor house, is now in  
Nebraska. His loss will reach  
\$5,000 or \$6,000 and partially  
covered by insurance.

The fire was without a doubt the  
work of an incendiary, as it was  
started in the attic in the hotel.

Everything in the depots and express  
offices were saved and most of the  
guests got their clothing out of the  
hotel. The railroad officials are on  
the ground and will erect new depots  
at once.

Help Asked From Janesville.

Chief Spencer received a call for  
help at 2:50 o'clock this morning and  
ordered the "assembly call" struck  
on the tower bell. This call is six,  
repeated three times, and calls the  
department to the stations to await  
orders.

A special train was soon gotten  
ready and the engine and a hose  
wagon hustled aboard. The train had  
not gotten out of the yard, however,  
before the Clinton people sent a mes-  
sage that help was not needed. The  
train was then backed up to the  
platform and the apparatus taken  
back to quarters.

Chief Spencer was not advised of  
the extent of the fire, the dispatch  
simply asking for help.

INDIAN FORD SCHOOL CLOSED.

Pupils Deserve Great Credit For Their  
Excellent Showing.

Indian Ford, June 15—A very suc-  
cessful year's work in school was  
closed Thursday evening, June 4, by  
graduating exercises. The school  
room was decorated with green leaves  
and beautiful flowers and looked very  
nice. The teacher, Mrs. A. S. Brown,  
deserves much praise for the work  
completed. Miss Cassie Scofield, Miss  
Edra Hallett and Leona Green re-  
ceived diplomas and did exceedingly  
well with their essays. "The Little  
Folks" should be especially remem-  
bered in their songs, they did so well.  
The red, white and blue drill  
by teacher and pupils was very  
fine and was carefully  
prepared. Mrs. Grace Miller gave a  
beautiful instrumental piece, also the  
duet by Mrs. Miller and Mrs. Brown  
was loudly encored, but they did not  
respond. Little Florence Hallett  
with her new white dress, all fixed up  
so clean and neat, brought down the  
house with her song. Mrs. Anna Cox  
presided at the organ during the even-  
ing and is credited with some excel-  
lent playing. At the close of the ex-  
ercises Supt. Ross presented the di-  
plomas in his usual happy style, and  
an evening long to be remembered was  
ended.

Low Rate to Milwaukee.

For trotting meeting, National  
Driving Club, the Northwestern line,  
will, from June 16 to 20, inclusive,  
sell excursion tickets to Milwaukee  
and return at low rates. For tickets  
and full information apply to agents  
Chicago & Northwestern Railway.

## NEWS IN THE CHURCHES.

Rev. Dr. Hodge and Rev. E. H. Pence Ex-  
change Pulpits.

Large audiences were in attendance  
at both the morning and evening ser-  
vices at the Baptist church. Dr. Hodge  
preached at the morning service, tak-  
ing as his text, Rom. 8:32:

"He that spared not His own Son, but delivered  
Him up for us all, how shall He not with  
Him also, freely give us all things?"

Rev. Mr. Pence, of the Presbyterian  
church, occupied the pulpit in the  
evening, exchanging with the pastor,  
and took as his text, Ps. 116:8:

"For thou hast delivered my soul from death,  
mine eyes from tears, and my feet from falling."

He showed clearly how Christ came  
to save from the death of a wasted  
life, and a Godless life, how the gospel  
comes as a relief in sorrow, and an  
aid in temptation.

The Y. P. S. C. E. meeting was led  
by Mr. Cleland, the subject being:

"What Think Ye of Christ?"

The young people will meet Tues-  
day evening at 7:30 in the church  
parlors.

The Ladies Aid society meets for  
work Friday at 2 p. m. in the church  
parlors.

AT ALL SOULS CHURCH.

Rev. W. D. Simonds of Madison Exchanges  
With The Pastor.

Rev. W. D. Simonds, pastor of the  
Madison Unitarian church, preached  
at All Souls church yesterday in ex-  
change with Rev. V. E. Southworth.

His subject was "Percy B. Shelley,  
the Poet of Freedom." After pointing  
out the fact that Shelley was a man  
of sorrows, and acquainted with grief,

Rev. Mr. Simonds took up, one by one,  
the charges that are made against  
Shelley—that he was an anarchist, an  
atheist, and that his morals  
were somewhat unconventional. He met  
each objection with convincing  
argument showing that Shelley was  
preeminently the poet of freedom  
and of love. He closed with the re-  
countal of the poet's tragic death, and  
his final cremation on the shores of  
the Mediterranean.

Rev. Mr. Simonds' lecture was heard by an ex-  
ceptionally large and interested au-  
dience, as he was a warm place in the  
hearts of the liberal church people of  
the city.

PHALLAMONT'S SON BRINGS \$1250

Horses That Are Bred Right Are  
Still Worth Big Money.

The Horse Breeders' Gazette,  
Chicago, says that high class  
carriage and trap horses suitable for  
park and pleasure driving still com-  
mand a handsome price. Wisconsin  
is credited with a "topper" sired  
by Phallamont, at the Philadelphia  
sale. Trotting bred crash horses  
still lead over the much touted hack-  
ney as the trotting bred team sold  
for \$3,000 showing against the pick  
of New York and Philadelphia pairs  
running in every class. Wisconsin's  
representative was:

Pinder, ch. g., 5 yrs., by Phallamont, and  
Alec Benton, ch. g., 5 yrs., by Alecon-  
sum—J. Edward Addicks. \$1,225

Phallamont, as all Rock county  
people know, is H. D. McKinney's  
great sire. J. Edward Addicks is the  
much talked of "Gas,  
Addicks" whose political career is well  
known to newspaper readers.

M'KENNA IS HELD FOR TRIAL.

Alleged Typewriter Thief Has a Bad  
Record—Clever Police Work.

James McKenna, the alleged type-  
writer thief, was held for trial at Be-  
loft, and his case will come up on  
June 23. The Beloit papers gave  
Marshal Appleby of the Line City,  
credit for a clever piece of work in  
catching McKenna. McKenna struck  
town awhile ago, being just out of  
prison, and the marshal found that  
his habits were such as to make him a  
suspicious character. When the rob-  
bery at the paper mill office was re-  
ported, Appleby at once suspected  
McKenna, and cleverly laid a trap to  
catch him and in a short time McKenna  
was under arrest. McKenna is a  
low character. He is not yet twenty-  
four years old and has already served  
two terms in the penitentiary, and a  
long time in jail. District Attorney  
Jackson conducted the examination.

TRAVELING MAN'S HARD LUCK

Robbed in Chicago and Loses a Pocket  
Book Besides.

B. N. Lyons, a well-known traveling  
man from Greater New York, spent a  
sorrowful Sunday in Janesville. Mr.  
Lyons lost his pocket book, containing  
valuable papers, which cannot be re-  
placed without much trouble, and \$26  
in money.

Last week while stopping at a Chi-  
cago hotel, robbers broke into his  
room and stole a \$150 ring from his  
grip. Accordingly, he thinks that ill  
luck is following him.

BURGLARS AT A POST OFFICE

Thieves Got No Booty For a Milton  
Junction Job

Burglars raided the Milton Junction  
post office Thursday night, but re-  
ceived little for their trouble. Post-  
master Greenman made the discovery  
when he opened the office early in the  
morning. He found the lock broken  
from the safe and the mail boxes  
rifled. It was the work of tramps and  
they effected an entrance by breaking  
the window.

HAUPT NEW AT THE BUSINESS

His Employers Write a Letter to Johnson  
& Donahoe.

W. G. Haupt, who wanted to put a  
cabinet in the hotel Myers, has made  
his report in Chicago, and his em-  
ployers write a three-page letter to  
Johnson & Donahoe. Haupt, they  
said, is a new man in the field, and  
Janesville being his second stand, "he  
was a little awkward." Mr. Haupt's  
baggage is still at the Myers, and will  
be held until a settlement can be made.

## THAT SILVER FIGHT IS A BITTER ONE

THE COUNTY DEMOCRATS ARE  
AT WAR.

The Official Organ Does Not Recognize  
the Bolters, and Says That the  
Convention Declared for Gold—No  
Mention of the Silver Men's Meet-  
ing Made.

Silver has caused a split in the  
county democracy that time may  
never heal.

It was Beloit democrats versus  
Janesville democrats at the county  
convention Saturday, and both sides  
claim to have won.

The local organ does not recog-  
nize the silver wing, and did not re-  
fer, in its report of the convention, to  
the fact that the white metal men had  
a rival meeting.

"When they bolted," the gold men  
argue, "they left the convention. The  
meeting that they abandoned was the  
regular convention and the action was  
official and binding. What the bol-  
ters did in the hallway below, is of no  
consequence, as they had no more au-  
thority to hold a convention than any  
other body of citizens."

And there you are.  
Messrs. Babbitt, Metesker and Buck-  
ley have been "turned down" and  
recognition was refused after the  
"turning."

The Resolutions.

The Beloit delegation came up fully  
instructed as to their duties. A caucus  
had been held at the Line City, and the  
following extraordinary resolutions  
were adopted:

WHEREAS, By the constitution of the United  
States the authority to coin money and regulate  
the value thereof is vested in the congress of  
this United States, and no state shall make any-  
thing but gold and silver coin a tender in the  
payment of debts; and

WHEREAS, Both gold and silver coin, as  
money of ultimate and final redemption, have  
both the sanction and express recognition of the  
Federal constitution, and immemorial usage  
among all civilized states and kingdoms, gives  
warrant and emphasis to that sanction and re-  
cognition; and

WHEREAS, Under the present policy of the  
treasury department of the United States in  
paying its obligations in gold alone, thereby re-  
pudiating the silver dollar, although the act of  
congress expressly declares that those obliga-  
tions shall be paid in both gold and silver coin  
at the discretion of the secretary of the treas-  
ury—the gold reserve fund has repeatedly be-  
come exhausted, resulting in the issue of bonds  
in the vast sum of upwards of four hundred  
million of dollars, in times of peace, in order to  
maintain the gold standard, thereby incurring  
a heavy national debt and obligation to foreign  
syndicates and capitalists; and

WHEREAS, The democratic party in every  
platform, and public utterance, during the past  
twenty years, has justly denounced the action of  
the republican congress of 1873, demonetizing  
the silver dollar at a time when the bullion in  
the market was worth four per cent. more in the  
United States than the bullion in a gold dollar was  
worth—as an act of high handed felony, where-  
by gold depreciated nearly one hundred per  
cent, while silver became a drug on the market,  
with the ultimate result that every producer  
must double the quantity of his product to re-  
ceive a price equivalent to that which he re-  
ceived before silver was robbed of its character  
as a money metal, and every wage earner in the  
United States must give of his time and labor  
nearly double in order to acquire this rich man's  
dollar, therefore, be it

RESOLVED, By the democratic party of Beloit  
in convention assembled, that the immediate  
free and unlimited coinage of both gold and  
silver, according to and as the money of the  
constitution, without awaiting the action or co-  
operation of any foreign power, is a cardinal  
principle and established principle in the demo-  
cratic creed, and is hereby declared to be the  
sincere conviction of this body that any and all  
laws interfering with, or in any wise discrimi-  
nating against the free and unlimited coinage  
of the silver dollar on the same terms with the  
gold dollar, should be immediately repealed,  
and that the silver dollar should be restored to  
the position it formerly held as a circulating  
medium in the coinage of the United States in  
the days of Jefferson and Jackson.

RESOLVED, That the delegates chosen to the  
county convention, be, and they are hereby in-  
structed to cast their votes in that body for only  
such delegates to the state convention whose  
views are in full accord with the letter and  
spirit of these resolutions.

## POLLS ARE OPEN FOR C.E. BALLOTS

CONDITIONS ARRANGED BY LOCAL ENDEAVORERS.

It Had Been Intended to Limit the Vote to Coupons Cut From the Paper But An Allowance On New Subscriptions Has Been Made By General Request.

June 1 the polls opened for the Christian Endeavor convention ballots. Somebody will go to Washington as The Gazette's guest next month.

Who it is to be the vote will determine.

It was intended at first to have no voting except by coupons clipped from the paper. The premium allowed for new subscribers in the piano contest two years ago, was a source of complaint, so many blocks of votes being transferred from one candidate to another at the last moment. Consultation with members of the three local Christian Endeavor societies, however, resulted in a change of plan. It was urged by all the young people interviewed that allowance be made for new subscribers as well as for coupons. Their arguments decided the matter but it was determined that no voters should be transferred after being once recorded. The conditions of the vote will be as follows:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines). Write in the name of your candidate, and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot. None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

New subscriber to Weekly Gazette, paid for one year, \$1.50; four hundred votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

## WASHINGTON COUPON.

ONE VOTE FOR

The person receiving the most votes between June 1 and July 1, will have railroad fare to Washington and return, as well as hotel expenses in Washington during the National Christian Endeavor Convention, paid by the publishers of The Janesville Gazette.

"To become properly acquainted with a truth we must have first believed it and disputed against it."

—Novatis.

Yes, about ninety-nine per cent. of today's successful advertisers when first approached on the subject said: "It will not pay me."

What He Thought.

A most curious question as to what constitutes a libel has just been raised in England. It is whether a blank page, with a man's name at the top, and the words, "What I think about it," constitutes a libel. The learned counsel who have been consulted take opposing views, and in order to avoid possible embarrassing complications it has been assumed by those interested that the affirmative answer is correct. The question is not likely to reach the courts at present, but there is no telling but that it may come up again and be the subject of a ponderous decision.

Aluminum Will Be Cheaper.

The production of aluminum in this country has increased from eighty-pounds in 1883 to 850,000 pounds in 1895, and the estimate for 1896 is 2,660,000 pounds, the processes for making it having been greatly improved. The price at the reduction works ranges from 50 cents to 55 cents a pound. Applied electricity explains the ease with which the light metal is now turned out.

A democratic paper in Connecticut says the west is indebted to that state to the extent of \$100,000,000 and that Connecticut capitalists have reached the conclusion not to lend any more money on western securities unless the words "interest and principal payable in gold" are printed in the contract. The lurch of Oregon toward the populists will make investors shy of anything offered there for some time to come.

The St. Louis democrats understand that the people are in favor of the kind of a tariff that will put a stop to the borrowing of money in the time of peace to pay the ordinary expenses of the government.

Had the house of representatives been let alone there would have been legislation of positive value to the business of the country. A demopopulist senate made progress impossible.

"It has been a fat year for England," says a London correspondent. It has been a lean year for Uncle Sam, but then England had great luck in the political misfit of 1892.

THE pain that sometimes strikes a man at the most inopportune moment is due to indigestion. It may come in the midst of a dinner and make the feast a mockery. It is a reminder that he may not eat what he chooses, nor when he chooses. He is a slave to the weakness of his stomach. A man's health and strength depend upon what he gets out of his food. This depends on his digestion. Constipation stops digestion. Remove the obstruction by taking Dr. Pierce's Pleasant Pellets. They are a positive cure for constipation and its attendant ills—headaches, sour stomach, flatulence, dizziness, biliousness and "heartburn." The "Pellets" are very gentle in their action. They simply assist nature. They give no violent wrench to the system. They cause no pain, nor griping.

## SILK THIEVES RAID "THE BIG STORE"

J. M. BOSTWICK & SONS LOSE  
QUITE HEAVILY.

Goods Valued at About \$700 Stolen by  
Robbers, Who Left Absolutely No  
Clue Behind, and Took the Best  
Pieces in the Store—Police Are at  
Work.

Clever thieves robbed J. M. Bostwick & Sons' dry goods store, sometime between Saturday night and this morning.

Silks valued at about \$700 was the booty they received.

The discovery was made this morning, by Miss Inez Wilbur, who works in the silk department of "the big store." She was engaged in dusting the shelves in her department this morning, when she happened to notice that two of the small shelves were empty. An investigation was then made, and it was found that a large quantity of goods was missing. The cloth had been taken away in full bolts, and nothing but silk had been touched. Dress goods, which were displayed in the same department, had no charm for the robbers and had not been disturbed by the thieves.

Value Estimated at \$700.

The exact value of the goods taken, could not be stated. A rough estimate was made, however, and the sum was placed at \$700. The robbers were judges of silk, for the goods taken were the best in the store and worth from \$1 to \$2 a yard. The robbers picked out late patterns and staple goods, so that they would have no difficulty in disposing of the booty.

The curtains that were hung before the shelves when the store is closed, to protect the goods from dust, were not removed, so that the theft was not discovered until Miss Wilbur went to work this morning.

Chief Acheson, Officer Hogan and Sheriff Appleby were on the scene soon after the theft was discovered, and made a careful examination of the premises. They could find no clue however.

Did a Smooth Job.

How the robbers got into the store, and when the job was done, is a mystery. The police hunted the building over from cellar to garret without finding any evidence of force having been used on either window or door. Neither was there anything to indicate when the job was done.

It is evidently the work of professional crooks, and probably done by men who make silk stealing a specialty. If they did the work on Saturday night or Sunday morning, there is scant hope of catching them, as they would have had time to reach Chicago, "fence" the plunder, and go into hiding. That they know their business is evident from the skillful way in which the work was done.

## THE FOURTH OF JULY CELEBRATION

Plans For the Celebration Are Nearly Complete—The Exercises.

The program for the grand Fourth of July celebration and the Good Citizenship convention to be held in this city on July 4 has been made out and all indications point to a very successful event. Music will be furnished by the Y. M. C. A. brass band of sixteen pieces; excursion rates will be given on all railroads; and reduced prices for meals at hotels and restaurants have been arranged for. The program for the sports will be made out later. The program is as follows:

9:30 a. m.—Parade from Y. M. C. A. building to Court House park.  
10:30 a. m.—Children's exercises, competitive drill and evolutions, music and speaking.  
11:30 a. m.—Athletic contest, open to all young of Rock county. Prizes given.  
12 m.—Exhibition run Fire Department.  
12:30 p. m.—Dinner.  
2:00 p. m.—Good citizenship convention at the Congregational church. Open to five delegates to be appointed from each society in Rock county.

This convention will be organized and conducted on the plan of the national political conventions, and is to be in the interest of good citizenship. A platform will be adopted and candidates named.

## The U. C. L. To Celebrate Too.

The members of the Union Catholic League are making preparations for a grand picnic to be held at Mole's Park on the Fourth of July. A committee was at work today making arrangements, and an elaborate program will be prepared. Athletic games will be a leading feature.

## TEAM CAUSED SOME EXCITEMENT

Charles Shoemaker's Horses Took a Lively Run This Morning

A team of horses belonging to Chas. Shoemaker, of the town of Janesville ran away this morning and caused considerable excitement along Wall and River streets. The team was hitched near the St. Paul freight house but broke away. Whirling down Wall street they left the buggy on River street, in a somewhat dilapidated condition but neither of the equines were injured.

## A GREAT BALL GAME AT ATHLETIC PARK

THE DOCTORS AND DENTISTS  
MEET TOMORROW.

Surplus Cash Will Go to the Associated Charities—The Positions Assigned to Both Teams—The High School Club Likely To Be Disbanded Tonight.

Tomorrow will be one of "the days of history," and many deeds of bravery and of might, will be inscribed on the broad pages by the recording angel.

Doctors and dentists will be the heroes and the match game of base ball will be the inspiration.

All arrangements were completed this afternoon, and the game will take place at Athletic Park at 3:30 o'clock. All surplus money will be given to the Associated Charities, and the game promises to be a most interesting one. Cast of characters:

## High School Team May Quit.

A special meeting of the Athletic association of the High school is to be held in the new school building this evening. The meeting is called for the purpose of deciding whether or not they will disband the base ball team, or keep it up. The team has won success in every way except financially. The money taken in at their games would hardly pay for the bats and balls to say nothing of the expense in bringing outside clubs here. The extra expense the players have to stand and there is little doubt but what the club will disband.

## BIKERS MUST BUY LAMPS AND BELLS

COUNCIL LIKELY TO TAKE ACTION TONIGHT.

Alderman McKey Has an Ordinance All Ready To Introduce at This Evening's Session—It Is Said To Be Very Fair For All Parties Concerned.

If Alderman George M. McKey is at the council meeting tonight, and he probably will be, he will introduce "that bicycle ordinance."

The ordinance has been drawn up, and is ready to be submitted. It provides that all wheelmen shall carry lamps at night, and bells at all times, in order to prevent accidents and give warning of the approach of the wheelmen. There is also, it is said, a speed limit clause; a regulation prohibiting riding on the sidewalks, and a paragraph making it a misdemeanor to scatter substances calculated to puncture tires, on the streets. An ordinance of this kind is much needed, and it is said that Alderman McKey's document is a fair one for all concerned.

Another matter that will probably come up, will be the "smoke ordinance" presented at the last meeting by Alderman Stoddard.

tin. Colonel Martin is a native of St. Louis, where he is well known as a successful lawyer. He has a wide reputation as a politician. He is a self made man and rose from truck driver to his present prominent standing.

**A Woman Dean at Ann Arbor.**

The first woman professor to be called to the University of Michigan at Ann Arbor is Dr. Eliza M. Mosher of Brooklyn, who will occupy the chair of hygiene and the position of woman's dean of the literary department. Dr. Mosher is one of the leading women physicians in the country, but she is more widely known as a writer and lecturer.

When she takes up her work at Ann Arbor, she will deliver lectures to 600

**INTERESTING TO FAT MEN.**

How It Is Said They May Reduce Their Flesh.

If you are too fat the chances are at least two to one that you eat too much, says the New York Herald. It may be that you are a moderate eater and drink too much beer or ale, or you may be moderate in both eating and drinking and take too little exercise. Finally, you may be the victim of some constitutional disorder which prevents the oxidation of your food. In any case you are not a sound person, but have the disease of obesity, which the doctors call polysarcia. Of the nostrums for the cure the doctors say they are all, without discrimination, "thoroughly unscientific." Some, the doctors add, are harmful and even dangerous. Mr. Banting tried his system on himself thirty years ago and succeeded in ridding himself of forty-two pounds within a twelve-month. This was a great success on the face of it, but many others who have tried to follow his example have found the treatment too severe. The Banting system, which was, in substance, a gradual starvation, is not often used. Schweninger's system is a modification of that devised by another German, Oertel. Obesity is much more common in Germany than in the United States, and many of the cures come from that nation. Oertel's is not a starving cure, but a sort of bracing up. Its inventor contended that if the circulation of the blood was improved fat would be eliminated. He prescribed mountain climbing, because, as he said, "the force required to raise the body to a great height entails the destruction of large quantities of fat." All the "systems" involve as much exertion as the fat man can take without exhaustion. Mountain climbing is excellent, but not always possible. Any walking in the open air is good in its way, and the bicycle is a boon. But, after all, there can be no cure without a diet. All the diets restrict the quantity of food to be taken, especially with meals. Here is a system credited to Schweninger: Moderate exercise for an hour before breakfast, after a cold bath, with friction. Breakfast, 8 o'clock—Meat and eggs or milk, followed by a walk. Second breakfast, 10:30 o'clock—Meat or fish and a glass of white wine. Another walk. Dinner, 1 o'clock—Meat, vegetables and fruit compote. Supper, 7 o'clock—Meat and fruit compote or salad, with a glass of white wine. No other food is allowed with meals, and bread only sparingly. Bread, by the way, is a form of food which, together with sugar, the fat man must eschew.

**A Masculine High Tea.**

From Harper's Bazar: A young married woman, wishing to entertain some of her husband's friends in a way that would be neither difficult nor expensive, hit upon a happy idea of a high tea "for gentlemen only," but why should she not have one? Her home was small, and she must make her own refreshments, and have them so simple as to allow her to spend the evening in the parlor. She asked two pretty girls to help her, and between them they had a tea that was the delight of the fortunate men who were present. At ten o'clock the guests were summoned to the dining-room, where was the table daintily set with places for fifteen—twelve men and three women. The hostess presided over a chafing dish at the head of the board, a pretty girl over another at the foot, while half way down the table another girl was seated in front of the silver urn and coffee cups. Lobster a la Newburg was made in one chafing dish, and oysters a la poulette in the other. With these were passed piles of delicate walnut-mayonnaise sandwiches. This course over, two white-capped and aproned maids removed the dishes and brought in their place two loaves of smoking Boston brown bread and a huge earthen jar of Boston baked beans. The appearance of these was received with a round of applause. Following was a course of chicken salad, deviled crackers, cream-cheese, and olives. The dessert was ice-cold coffee jelly (so tender as to melt in the mouth) smothered in whipped cream. Delicious homemade fancy cakes accompanied this. After the dishes were cleared away cigars were produced by the husband of the hostess, and soon the fragrant weed had the usual effect of drawing forth excellent stories and clever conversation. It was one o'clock when the party broke up, the men all declaring that a high tea for gentlemen only was a most decided success especially when there were present three charming women as entertainers.

**Times Have Changed.**

A Maine paper notes as evidence of the change that has come over methods and men that whereas in old times the paymaster on the Kennebec ice fields never used anything but cash and brotherly love in making payments, he now keeps a loaded revolver on his pay table as a precaution against the possibility of bold thieves trying to snatch his pile of greenbacks.

**Conscience the Divine Link.**

Man draws up the channels of divine strength and enfeebles his whole moral being when he does not follow his conscience. For the divinest thing in a man is his conscience, and if he has dishonored God in his soul, God cannot honor him in his life with power.—Rev. S. B. Meeser.

**Evangelist Mills on Capitalists.**

The accumulating of money is not so much brain work as it is the use of money already possessed. Millionaires can make all those below them pay toll at their will. Capitalists take everything from the laboring man except the man himself.—Rev. B. F. Mills, Evangelist.

When we consider that the intestines are about five times as long as the body, we can realize the intense suffering experienced when they become inflamed. DeWitt's Colic and Cholera Cure subdues inflammation at once and completely removes the difficulty. C. D. Stevens.

**A June Excursion to the Famous Dells of Wisconsin.**

An excursion to the Dells of Wisconsin in June, a time when all nature is most beautiful will be given under the auspices of the Janesville Cleopatra society on Wednesday, June 17, over the Chicago, Milwaukee & St. Paul railway. The train will leave at 7:30 a. m. and a cordial invitation is extended to the public to join in a day of rare enjoyment. A trip seven miles up the Wisconsin river through the Dells and the railway fare for the round trip is only \$2. Remember the date, June 17.

Pass the good word along the line. Piles can be quickly cured without any operation by simply applying De Witt's Witch Hazel Salve. C. D. Stevens.

**Reduced Rates to Washington.**

The Young People's Society of Christian Endeavor will hold their annual meeting in Washington, D. C., July 7 to 13.

For this occasion the B. & O. R. R. Co. will sell tickets from all points on its lines, west of the Ohio river to Washington, at one single fare for the round trip, July 4 to 7, inclusive; valid for return passage until July 15, inclusive, with the privilege of an additional extension until July 31 by depositing tickets with Joint Agent at Washington.

Tickets will be sale at stations of all connecting lines.

Delegates should not lose sight of the fact that all B. & O. trains run via Washington.

"Wake up, Jacob, day is breaking!" so said DeWitt's Little Early Risers to the man who had taken them to arouse his sluggish liver. C. D. Stevens.

**Low Rates to Cleveland.**

The Nobles of the Mystic Shrine will meet at Cleveland, June 23 and 24.

For this occasion the B. & O. R. R. Co. will sell tickets at reduced rates from all points on lines west of the Ohio river, for all trains of June 21 and 22, valid for return passage until June 25. The fare from Chicago will be \$8.50 and correspondingly low rates for all other points. Tickets will also be on sale at all points throughout the west.

The B. & O. is the only line running Pullman sleeping cars between Chicago and Cleveland.

**Special Reduced Rates to Buffalo and Return.**

Via the Lake Shore & Michigan Ry. July 5 and 6. Extreme return limit September 1. Stop at Chatauqua on return trip if desired. A splendid opportunity to visit Niagara Falls. Circular giving full information will be sent on application to J. R. Hurley, T. P. A., 95 Wisconsin street, Milwaukee, Wis., or C. K. Wilber, A. G. P. A. Chicago.

Persons who have a coughing spell every night, on account of a tickling sensation in the throat, may overcome it at once by a dose of One Minute Cough Cure. C. D. Stevens.

We are anxious to do a little good in this world and can think of no better or pleasanter way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected cold. C. D. Stevens.

**An Opportunity For An Eastern Trip**

A very low rate is afforded by the N. E. A. meeting at Buffalo in July. Tickets will be on sale via the Lake Shore and Michigan Southern railway July 5th and 6th at one fare plus \$2 membership fee for the round trip. Return limit can be extended to Sept. 1. A stop at Chatauqua will be allowed on the return. A splendid chance to visit Niagara Falls. Full particulars will be furnished on application to J. R. Hurley, T. P. A., 95 Wisconsin street, Milwaukee, Wis., or C. K. Wilber, A. G. P. A. Chicago.

Small in size but great in results—DeWitt's Little Early Risers act gently but thoroughly, curing indigestion, dyspepsia and constipation. Small pill, safe pill, best pill. C. D. Stevens.

**Two-Cent Drinks.**

The sensation just now in Berlin is a company founded by English capitalists which deals wholesale in sweet wines, cognac, liquors, chocolate, tea and coffee. It owes its popularity to the original idea it has put in practice of allowing every customer to sample the goods he is to buy. For this purpose there is a large "automatic tasting room" attached to the establishment. The prospective customer enters this and drops a coin of the value of 2 cents in the slot and, as a result, gets a small sample of sherry, port, marsala, malaga, liqueur, coffee, with or without milk, tea or chocolate, all of which is said to be excellent. Cognac is the only exception to the universal price of 2 cents, a sample of this costing just double that amount.—New York World.

**WHEELOCK'S.****NOTICE**

Is hereby given that an ordinance of which the following is a copy, will be presented to the mayor and common council of the city of Janesville for action, at a regular meeting of said council to be held at the city hall, in said city on the 15th day of June, 1896, at 8 o'clock in the afternoon of that day.

An ordinance granting to the Postal Telegraph Cable Company the right to operate a telegraph system in the city of Janesville.

The Mayor and Common Council of the city of Janesville do ordain as follows: Section 1. The Postal Telegraph Cable Company, its successors and assigns, are hereby granted a right of way through, in, and upon the streets, alleys and public grounds of the city of Janesville, for the purpose of erecting, maintaining the posts of wood, iron or other suitable material, and the wires and other apparatus necessary to operate a telegraph system and telegraph exchange in said city.

Section 2. This ordinance is made subject to the conditions of a general ordinance regulating the stringing of wires in the city of Janesville, passed October 10, 1892, and the ordinances amending the same, and to the further condition that said Postal Telegraph Cable Company, its successors and assigns, shall fit the top cross arm of each post or pole erected by them in said city, with four pins and proper insulators for the sole use of the fire alarm and police systems of said city.

Section 3. This ordinance shall be in force and take effect from and after its acceptance by said Postal Telegraph Cable Company, and after its passage and publication, which publication shall be for three successive days.

## Parasols

Have you seen our line? We show more than one hundred different styles, and no two alike. If you want a late style Parasol and at the same time one that you will not see duplicated a half dozen times every time you go on the street we can fit you out and do it for a very little money. We are sure we can please you, not only in style and design but in price as well.

## Ladies' Ties, Scarfs and Bows

We are having a great sale on these goods; evidently the ladies know where to find the proper styles at the proper prices. We are selling 30, 35 and 40c values for 25c and regular 25c bows for 15c.

## 9 cent Dimities

A fresh lot on sale at this price---regular 12½ and 15c goods. No old styles in this lot---all desirable patterns and fine sheer qualities

## Laces

We have them, and such a line. All kinds and descriptions in white, cream, butter and linen colors. Our way of marking Laces is different from most merchants'. We add a fair average Dry Goods profit to ours. Most merchants expect to double or most double their money on Laces. Therefore we save you big money even if the quantity you want is small.

#### BASEBALL REPORT.

##### Standing of the Clubs Composing the Three Principal Leagues.

The National league race is a splendid one except for the low notch occupied by the two bottom clubs. The top teams are beautifully bunched and as yet the fight for first place is decidedly open. The west has come out of the ordeal of an eastern trip in splendid style, and just now seems to have an equal show for the pennant, although the conservative ones will stick their faith to Baltimore's chances for landing the honor in the long and hard test.

#### TREE IN MID-OCEAN.

Passed by a British Skipper and Her Is a Theory.

Capt. Darley, of the British freight steamship Dovedale, which recently arrived at Rouen from New Orleans, probably was somewhat surprised to see in mid-ocean on February 27 a tree, apparently of tropical origin, that was still fresh and green. He supplemented with no theories the remarks in his log that he passed in "latitude forty-five degrees, forty-five minutes, longitude thirty-five degrees thirty-seven minutes, a tree about twenty-five feet long and fifteen inches in diameter."

It is possible that Capt. Darley may be versed in the drifting phenomena of the deep. If he isn't, he may be pleased to know that the shellback navigators hereabouts, who have seen many strange sea changes, have a few things to say about his tree. The place he saw it is 500 miles northwest of the Azores, and nearly midway between Boston and Southampton. It is improbable (the natural dogmatists would say impossible) for a tree to drift away from the Azores against a current that, in the neighborhood of the picturesque islands, flows without a change to the southeast.

The tree was strongly under the influence of the southerly edge of the Gulf Stream when Capt. Darley steamed close to it and made a note on't. Naturally, the marine quidnuncs surmise that it came from some point along a land border of the wonderful ocean current.

Plainly the tree could not have drifted from the neighborhood of Cape Race (which is about 750 nautical miles west of the point where Capt. Darley saw it), as it was not the kind of a tree that grows in northern latitudes. The suggestion that it might have been from a submarine forest was scorned by the navigators, because no sailor, nor any kind of a man, ever heard of that kind of a forest. It was unquestionably, so the sharpest of the experts said, a relic of a floating island that became detached from shore somewhere south of Jacksonville.

The island may have started from one of the Bahamas. Perhaps it floated from the Amazon in a freshet that broke it loose, and drifted out into the Atlantic. There it may have been borne north, northeast, and east in the Gulf Stream until it became disintegrated under the battering force of the seas created by the February gales.

Floating islands usually have a foundation of buoyant, tangled reeds and light roots, mingled with marshy earth. They are not often seen in high latitudes. Only a few have been seen below Hatteras. Some have been nearly an eighth of a mile in diameter.

The tree that Capt. Darley saw probably was part of an island that had a good deal of tangled buoyancy as a foundation, which kept it in good condition for many weeks of its journey of probably more than 2,000 miles.—New York Sun.

## Why Shouldn't Women Wear Tan Shoes?

Not saying that the majority of them don't but there are some who cannot afford usually to get a special Summer Shoe. We make it possible for every woman to wear Tan Shoes---the kind that rest the feet and are as handsome and well fitting as the best made.

## For \$2.50

We sell a Vici Kid---either button or lace---needle toes 20th Century last. As pretty as Shoe as can be found. We lay special stress on this Shoe because of its value for \$2.50. We have others though.

## WE SHOW 50 STYLES IN TAN SHOES.....!

..... FROM \$1.50 TO \$6.00.

If a person is hard to fit or hard to please we have an endless variety of styles and colors to show them. That \$2.50 Shoe pleases every one though. It's a great favorite with women everywhere.
